Dear Sir or Madam,

I would like to apply for the position as you announce on your telegram channel. I have graduated with my BSC degree from Samara University in the department of Computer Science with a 3.76 CGPA and master degree in Diredawa university with 3.81 CGPA A. I am very interested in the field and will perform all the duties that can be expected. I hope that my qualifications fit your requirements and that you will give me the opportunity to work in your company. In addition, I am younger, energetic with personal communication skills, and I am highly confident in proving myself. I am always happy and ready to correct my mistakes at work when someone gives me a comment for improving my professional skills and working ability and for increasing the required goal asset of your company. I have certain experience in teaching and assistant positions as well as testing and deployment positions as a developer and tester.

For further information, I have enclosed my curriculum vitae (CV) and temporary degree.

I look forward to hearing your positive response to my application.

Sincerely yours,

Gashaye Adugna

Certificate of Completion

This certificate is awarded to

Gashaye Adugna

for successfully completing the uCertify course for

Certified Cloud Security Professional (CCSP)
